Job Description

Position: Sales Development Representative (SDR)
Employment Type: Full Time Role
Experience: 4-5 Yrs
Shift Time: 2:00 PM to 11:00 PM
Work Mode: Work from Office
Job Location: Pune

Job Overview:
iProgrammer is looking for a dynamic Sales Development Representative (SDR) to drive outbound prospecting and generate qualified sales opportunities across North America and the Middle East. The ideal candidate should have proven experience in international business development, IT Services, and Odoo ERP sales, with a strong passion for acquiring new accounts, engaging key decision-makers, and building a robust sales pipeline.

Key Responsibilities

- Generate qualified sales opportunities through outbound prospecting.
- Identify and engage decision-makers via email, LinkedIn, cold calling, and other outreach channels.
- Research target accounts and execute personalized outbound campaigns.
- Schedule qualified discovery meetings for the Sales team.
- Qualify inbound and outbound leads.
- Work closely with Sales, Marketing, and Pre-Sales teams to develop new business opportunities.
- Maintain accurate CRM records and activity reports.
- Consistently achieve monthly meeting and pipeline generation targets.

Required Experience

- 4–5 years of experience in International Business Development or B2B Lead Generation within an IT Services company & Odoo ERP.
- Proven experience targeting customers in North America. Exposure to the Middle East will be an added advantage.
- Strong expertise in outbound prospecting and account-based selling.
- Experience promoting IT Services, Odoo ERP, Digital Engineering, AI, Enterprise Applications or Technology Consulting services.
- Excellent written and verbal communication skills.
- Proven ability to generate qualified meetings and build a healthy sales pipeline.

Preferred Skills

- Strong cold emailing, LinkedIn outreach, and cold calling skills.
- Ability to engage with business and technology decision-makers.
- Excellent research, communication, and follow-up skills.
- Hands-on experience with CRM and modern sales engagement tools such as LinkedIn Sales Navigator, Apollo.io, HubSpot, Zoho CRM or similar platforms.
- Self-driven, target-oriented, and eager to learn.

Educational Qualification

- BE/B.Tech (Computer Engineering / IT)
- BCA / BCS / B.Sc. (Computer Science/IT)
- BBA or any equivalent bachelor's degree with relevant international IT sales experience.

What We're Looking For

We are looking for someone who is:

- Smart, confident, and highly presentable.
- Passionate about international sales and business development.
- Strong in communication, relationship building, and networking.
- Proactive, disciplined, and target-driven.
- A team player with a strong ownership mindset.

Why Join iProgrammer?

- Work with global customers across North America and the Middle East.
- Be part of a fast-growing technology company with strong international growth ambitions.
- Opportunity to build a successful career in international B2B sales and advance into global sales leadership roles.
